Section C: Student and Spouse Income Exclusions January 2021–December 2021	Student + Spouse Amount

Includes AmeriCorps benefits (awards, living allowances and interest accrual payments), as well as grant or scholarship portions of fellowships and assistantships. Note: This is not the total amount of grants and scholarships you received in 2021 (as reported on the 1098T) - it is the taxable amount of grants and scholarships you included on your tax return. If you enter an amount here it means: 1) that you filed a federal tax return and 2) you included grants and/or scholarships as part of the income reported on the tax return.	\$
Combat pay or special combat pay. This should be zero for enlisted persons and warrant officers (including commissioned warrant officers) because your combat pay is entirely nontaxable. Only enter taxable pay that was included in the adjusted gross income. Note for Commissioned Officers: combat pay in excess of the highest enlisted person's pay (plus imminent danger/hostile fire pay) is taxable. To calculate the taxable amount, use the total combat pay from your serviceperson's leave and earnings statements and subtract the untaxed portion, which is reported in box 12 of the W-2 form with code Q.	\$
