

## **Scott Soldani - Team Cleaning Lead**

8 June 2023

Scott and his team put forth amazing efforts cleaning the McClure building here on campus, as well as others. They always keep me informed of building maintenance/concerns/checking in, and addressing any concerns we have. McClure tends to have lots of water leaks and chill water line issues, and Scott always makes every effort to address any concerns or questions I might have. When the building does have a leak or concern, he drops everything, even after a 14-hour shift he has returned to campus to make sure everything is addressed quickly, and does not leave anything for "someone else". His knowledge, expertise, customer service skills are appreciated on a daily basis.

Thank you so much for everything you do!
